### COMPOSING BRIEF

Compose your own "Pulse Piece" in the same way you did as a class. Choose **FOUR** numbers from the eight beat pattern above that each person in your group (A-D) will clap on.

Practice each line individually and then try putting each of the lines together.

Repeat the pulse piece **FOUR** times through without stopping.

When you can clap your pulse piece, transfer the rhythms onto percussion instruments with each person having an instrument with a different **TIMBRE**. Remember to keep a steady pulse!
